This includes all information provided by the FBI and all information I develop in the course of performing as an FBI contractor.

I understand that unauthorized disclosure of information in the files of the FBI or information I may acquire as a Language Services Contractor could result in impairment of national security, place human life in jeopardy, or result in denial of due process to a person or persons who are subjects of an FBI Investigation, or prevent the FBI from effectively discharging its responsibilities. I understand the need for this secrecy agreement; therefore, I agree that I will never divulge, publish, or reveal either by word or conduct, or by other means of disclosure, to any unauthorized recipient withour official written authorization by the Director of the FBI or his delegate, any information from the investigatory files of the FBI or any information relating to material contained in the files, or disclose any information or produce any material acquired as a part of the performance of my contract or because of my contractor status. The burden is on me to determine, prior to disclosure, whether information may be disclosed and in that regard I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure. I understand that his agreement is not intended to apply to information which has been placed in the public domain or to prevent me from writing or speaking about the FBI, but it is intended to prevent disclosure of information where disclosure would be contrary to the law, regulation, or public policy. I agree the Director of the FBI is in a better position than I to make that determination.
